

## **Summary of Consultation Questions**

### **Question 1**

Part A: Do you agree with the three options?

Part B: If you do not agree with the three options, or you have any additional comments, please provide details.

### **Question 2**

Part A: Do you agree that all doctors who are already registered with the GMC on the day licences are introduced should be granted a licence automatically, unless they have specifically opted out?

Part B: If you do not agree, or you have any further comments, including an alternative approach to suggest, please provide details.

### **Question 3**

Part A: Do you agree that once licensing is introduced all new registrants should automatically be granted a licence to practise and should not have the option of taking registration only?

Part B: If you do not agree, or you have any further comments, please provide details.

### **Question 4**

Part A: Do you agree that the annual fee for holding registration only and the annual fee for holding a licence to practise should, as far as possible, reflect the costs of regulating doctors in these two groups?

Part B: If you do not agree, or you have any further comments, please provide details.

### **Question 5**

Part A: Is the guidance at Annex B sufficiently comprehensive and clear about how the new arrangements will work?

Part B: If the guidance is not sufficiently clear and comprehensive, or you have any further comments about the guidance, please provide details.

**Question 6**

Part A: Will our approach to the introduction of licensing have an adverse impact on any particular groups?

Part B: If you think that licensing will have an adverse impact on particular groups, or you have any further comments, such as how any adverse effects might be mitigated, please provide details.

**Question 7**

Part A: Are you content with the proposed miscellaneous amendments to the rules and regulations shown at Annex A?

Part B: If you are not content, or you have any further comments, please provide details.
