
UK Medical Schools Annual Return 2007/08: QABME

The QABME Annual Return Process

Every year, each medical school must provide a return to the GMC that:

- a. Identifies significant changes to curricula, assessments or staffing.
- b. Highlights risks or issues of concern, proposed solutions and corrective actions taken.
- c. Identifies examples of innovation and good practice.
- d. Responds to issues of interest and debate in medical education, including promoting equality and valuing diversity.
- e. Identifies progress on any requirements or recommendations arising from the QABME visit process.

The GMC writes to each medical school towards the end of the calendar year to request the specific information required that year. School returns allow the GMC Education Committee to identify:

- a. Issues to explore with all medical schools.
- b. Examples of good practice that can be shared.
- c. Issues to be investigated with individual medical schools.

If we need to explore an issue, for example the introduction of a new curriculum or significant changes to the curriculum or facilities, the school may be requested to submit detailed information for analysis or may be selected for the QABME visit process.

Name of medical school:	University of Nottingham
-------------------------	---------------------------------

QABME Annual Return Table Templates

Tables 1 to 5 below are part of the GMC's QABME Annual Return Process. They track:

- The steps the schools are taking to address specific requirements and/or recommendations arising out of their QABME review.
- The changes in provision of undergraduate degrees, including risks and innovations resulting from the school's own quality management systems.

What you need to do

Complete Tables 1 to 5 with brief notes. Instructions on what you need to include in each column of the tables are given below.

Tomorrow's doctors area	Requirement/ Recommendation/ Change/ Innovation/ Risk or challenge	Action	Contact	Supporting documents list	Timeline
Identify the most relevant area of Tomorrow's Doctors. This has been pre-populated for each table with general areas. Please amend, delete or duplicate the rows as appropriate.	Identify the areas under each category in the individual tables for: <ul style="list-style-type: none"> ▪ Requirements ▪ Recommendations ▪ Changes ▪ Innovations ▪ Risks or challenges 	List the key actions and steps the school plan to take in order to address each: <ul style="list-style-type: none"> ▪ Requirement ▪ Recommendation ▪ Change ▪ Innovation ▪ Risk or challenge 	State the working group/committee/ person that will be taking the lead on the action identified. Include details of the: <ul style="list-style-type: none"> ▪ Contact name ▪ Email address ▪ Telephone number 	List the document names of any committee decisions, management plans or other documents that evidence the actions. Please do not attach these documents.	State the timeline for each action stipulated. Include an estimate for the final deadline of when the school expects to be able to fully meet any requirements listed.

A fictional example response is provided in Table 1.

Please note that your responses may be published on the GMC's education website pages.

Please send your completed responses on this template by **Monday 17 December 2007** by email to QABME@gmc-uk.org.

Table 4 – Innovations

Please identify any innovations the school is piloting or planning to introduce.

If you do not have any innovations currently being piloted or planned, please check this box

Tomorrow's doctors area	Innovations	Action	Contact	Supporting documents list	Timeline
Delivering the curriculum	We are piloting inter professional learning initiatives with the School of Nursing	Inter professional day in June - based around Learning Disability (Previous session last year – Alcohol and Behavioural change)	Dr Sharon Conroy Sharon.conroy@nottingham.ac.uk		Will occur 12 th June 2008
Student health and conduct	The student handbook includes information about "Fitness to Practice Procedures" We have also introduced an interactive session in the Lecture Hall where Professional Conduct issues are discussed. This is based on the new GMC guidance		Dr M N Rowan-Robinson Martin.rowan.robinson@nottingham.ac.uk	Student Handbook	Lecture delivered September 2007
