Executive summary

On 31 December 2015 we implemented changes to modernise the investigation and adjudication of fitness to practise cases and published our amended Rules that were approved by Council, then agreed with the Department of Health and approved by the Privy Council.

Following this, staff identified typographical errors in the final published version of the Fitness to Practise Rules post-implementation, and the Department of Health has agreed to correct these errors.

Recommendations

Council is asked to:

- a** Note the corrections to be made to the Fitness to Practise Rules, by way of an Amendment Order.
- b** Agree to delegate authority to the Chair of Council and to approve the final Amendment Order making corrections to the Fitness to Practise Rules and affix the Corporate Seal.

Amendments to the Fitness to Practise Rules

- 1 In 2015 we modernised our investigation and adjudication functions with Parliament approving changes to the Medical Act 1983 in March 2015 and changes to our Rules in December 2015.
- 2 We worked closely with the Department of Health to prepare the draft rules that were approved by the Privy Council and implemented on 31 December 2015. In the post-implementation period, staff identified typographical and other minor errors in the final published version. These errors arose during the short window for agreeing a final approved version of the amendment orders with the Department of Health before commencing the Parliamentary approval process.
- 3 We have raised this with the Department and it has been agreed that the errors can be corrected by a further Amendment Order to the Rules published on 31 December 2015. This will have no impact on the new powers or processes already in place.
- 4 We have commented on an initial draft of this order and will be working the Department over the coming weeks to finalise this.

Corrections

- 5 The previous draft Amendment Order, approved by Council in 2015, is at [Annex A](#) with the errors marked with explanatory comments. The further Amendment Order to the Rules will be drafted to list these corrections.
- 6 In summary, the corrections address:

Terminology

- Rules 27 and 34 - changing 'panels' to 'tribunals'.
- Rule 17(3) – changing 'General Medical Council' to 'General Council'.
- Rule 22(5)(b) and 22A(1)(i) – changing 'direction' to 'order' to reflect the terminology of s41A of the Act.

Cross-referencing

- Rules 17(5)(b)(ii) and 22(4)(b)(ii) – amending references to undertakings provisions to make the drafting consistent across both rules.
- Rule 22A – adding reference to s35D(8) of the Medical Act 1983.
- Rule 28 – correcting references to relevant paragraphs of rule 28.

Typographical errors

- Rules 17(9) and 34(4)(b)(ii) and Schedule 1(2) – correcting minor typos.
- Rule 20 – amending the notice of review period from ‘no later than 20 days before the hearing’ to the standard ‘28 days’ – and deleting the previous rule 20(2), as intended.

Other

- Rule 2 (definitions) - an amendment to the definition of ‘Assessment team’ which will allow us the intended maximum flexibility in how many assessors make up a team (reflecting powers under the Medical Act 1983 for the team to be constituted as directed by the Registrar).
