

ARCP and RITA Data Collection 2012 – Briefing Note 5

Reports published

All updates and corrections to the data checks have been processed.

The following twelve ARCP reports are now available under password on the reporting tool:

<http://gmc-onlineeducationreports.org/ReportType.aspx>

- ARCP/RITA outcomes by deanery and programme specialty
- ARCP/RITA outcomes by specialty UK-wide and place of primary medical qualification
- ARCP/RITA outcomes by deanery and programme specialty (excluding exam failure)
- ARCP/RITA outcome 5 by deanery and programme specialty
- ARCP/RITA outcomes 2 and D by deanery and programme specialty
- ARCP/RITA outcomes 3 and E by deanery and programme specialty

Each report is available for 2012 and for 2010 – 2012 (i.e. three years of data analysed together).

A guidance document on the reports is available here:

<http://www.gmc-uk.org/education/arcp>

If any deanery or college staff require a password please email quality@gmc-uk.org

Next steps

1. Please notify us of any issues by 14 February 2013.
2. The reports will be placed in the public domain on 20 February 2013.
3. We will be requesting that deaneries respond to a selection of the outliers in the reports in the April Deanery Report update. A template will be developed for this and circulated on the 18 February 2013. Deaneries will NOT be required to respond to all outliers (i.e. black flags), we are currently determining criteria for selecting a subset.
4. The deanery responses contained in the April report will be published with the on-line reports.

If you have any queries regarding this please email quality@gmc-uk.org
