

## **ARCP and RITA Data Collection 2013 – Briefing Note 5 – Updated deanery responses available**

1. This note covers an update to the data available in our interactive reports found [here](#).
2. Deaneries and LETBs were asked to investigate and comment on the reasons for certain outliers as part of the April 2014 Deans' reports.
3. We have collected this information and published it within the interactive reporting tool. It is accessible, alongside comments collected in the April 2013 returns for 2010 to 2012 data, by selecting 'Deanery responses' from the main ARCP reporting page.
4. The data can be filtered by the date years responded to (2010 – 2012 or 2013), deanery/foundation school, specialty, report type, 'Above' or 'Below' outlier, and UK or Non-UK PMQ world region.
