Dear Paul,

GMC UNDERGRADUATE QUALITY ASSURANCE VISIT to MB BS Courses
Barts and The London School of Medicine and Dentistry, Queen Mary,
University of London 2012/13

Response to Report

We are grateful to the Visiting Team from the GMC for the report on the School following the Quality Assurance Visit of November 2012. We acknowledge the very constructive fashion in which the visit was conducted and are very grateful for the very positive nature of the comments and highlighting of good practice. We are also appreciative of the requirements and recommendations in meeting which, we agree, we will improve our courses further still.

Please find attached a detailed action plan in response to the report.

Yours sincerely,

ANTHONY WARRENS
