Dear Ms Hiscocks

Buckinghamshire Healthcare response to GMC Visit

Buckinghamshire Healthcare was happy to welcome the GMC Review Panel and to participate in the HETV Regional Review.

We are pleased with the findings outlined in the report, which showcase the commitment of our educational team and trainers in delivering high quality medical education and developing skills in our students and trainees.

During the review, our medical students and trainee doctors reported feeling well supported by all their supervisors. We acknowledge that there are areas where we could do better and as such, working with HETV are developing an action plan to address the recommendations in the GMC report.

We would like to thank all the staff who took part in the review, which will help to shape the future of medical education and training at the Trust.

Yours sincerely

Dr Sally Edmonds
Director of Medical Education
