Dear Abigail

Re: Final report of visit to Norfolk and Norwich University Hospital NHS Foundation Trust in 2015

We would like to take the opportunity to thank the GMC team for taking the time to visit us as part of the East of England review, and for providing helpful and constructive feedback.

We were pleased that several examples of our areas of good practice in the hospital were recognised by the GMC and we are developing action plans to address the report's recommendations.

Yours Sincerely

Mark Davies
Chief Executive

Richard Smith
Director of Medical Education
