My Documents Summary

Complete all mandatory sections marked with an *

Application Number: A1-

Speciality: Clinical radiology

The table below details our advice on each section of your application. Any section with a status of 'Further info required' or 'Not Accepted' needs your review. Your specialist applications adviser has provided comments for these sections to confirm why we need further information or haven't accepted your evidence. Sections set to 'Accepted' do not require any action.

You should click on the relevant section link to review the documents we've assessed, provide further information and upload more evidence.

Document upload section

[Find out more about what evidence is required for your specialty \(opens in a new window\)](#) - you should have a copy of the most recent specialty specific guidance open whilst you complete your application.

You should upload all documents for this section below. If some of your evidence is relevant to more than one section of the application, you don't need to upload it twice. You should clearly cross reference evidence relevant to more than one section in the Description of Evidence section of the application.

We've produced specific guidance on the way evidence needs to be uploaded in your application - you can find this on our website. You **must** follow this guidance in order for your evidence to be accepted. **Guidance which does not meet our requirements may be removed from your application.**

Please note that all uploaded documents will be stored in a read only format. Once you have uploaded a document it won't be possible to update it unless you remove the whole document and re-upload it.
