Dear Jessica

GMC Regional Review of Health Education England, Wessex

Thank you for the GMC's report that follows the Regional Review of HEE Wessex earlier this year.

I would like to thank the visiting team for the positive and supportive way in which the review was carried out both with HEE Wessex and with the local education providers that were visited.

I was pleased that the team highlighted a number of areas of good practice that are working well. I have attached our action plan relating to the requirements and recommendations identified for HEE Wessex. We are working with our partners to continue to improve the quality of medical education and training across Wessex.

If you have any queries, please do not hesitate to contact me.

Yours sincerely

Dr Peter Hockey DM FRCP (London) FRCP (Edin)
Postgraduate Dean, Health Education England, Wessex
