Dear Tasnim

**Re: NIMDTA Final Visit Report (2017 GMC Northern Ireland National Review)**

Thank you for sending the final version of the visit report for NIMDTA arising out of the 2017 GMC National Review for Northern Ireland.

Please thank the whole team involved for listening to the Trainees, Trainers, Lay Representatives, Educators and Education Management Team at NIMDTA and in the HSC Trusts and for providing this detailed report.

We are delighted that the visiting team felt that this was a positive visit and that areas of good practice and areas that were felt to be working well were identified.

We are completely committed to continuously improving the quality of postgraduate medical education and training in Northern Ireland and will endeavour to address as soon as possible the areas for improvement identified as recommendations in this report.

Yours sincerely

Professor Keith Gardiner  
Chief Executive/Postgraduate Medical Dean

cc. Ms D Hughes (Education Manager, NIMDTA)  
Mrs G Carlisle (Quality Manager, NIMDTA)
