

Executive Board

Meeting on 1 March 2021 – note of decision

Doctors who have died whilst in FTP proceedings (item 4)

The Board:

- a** Noted the feedback from relevant stakeholders on the frequency of publication of doctors' deaths data and publication of cause of death data.
- b** Agreed to publish annually, from December 2021, data for a three-year rolling period, with the cause of death data broken down into broad categories.
- c** Agreed the proposed publication report format at Annex C.
- d** Noted the change in the coronial standard of proof when concluding a death as suicide, as important context for our data.
