Dear Emily

RE: GMC visit report – Solent NHS Trust

I write to acknowledge receipt of the final report following the GMC visit to Solent NHS Trust on 13 March 2018. Thank you and Jessica Ormshaw and other colleagues for your help.

The medical students and trainees, my educator and supervisor colleagues, and I thought the visit was a positive experience. We are encouraged that the report highlights areas of good practice as well as several areas that are working well.

We acknowledge the requirement needed regarding the CAMHS OOH (out-of-hours) rota (barriers in access to clinical records). As discussed during the GMC visit, addressing this complex issue will need joint work with the other Trusts involved in the rota, CCGs, the relevant Local Authorities and HE Wessex. The Solent Trust Board of Directors is aware of this issue as a priority.

Yours sincerely

Dr Suyog Dhakras
Director of Medical Education
