Dear Ms Uddin

Re: GMC Visit Report - South Eastern H&SC Trust

I write to acknowledge receipt of the final report following the GMC visit to the South Eastern H&SC Trust on 20 March 2017.

The feeling within the Trust is that the visit was a positive experience and it is encouraging that there were numerous areas of good practice highlighted within the report. However, it is acknowledged that several requirements have been identified within the report and the Trust will work with NIMDTA in order to implement an appropriate action plan.

Yours sincerely

Hugh McCaughey
Chief Executive
