2nd October, 2018

Dear Ms Saldanha,

Re. GMC Visit/ Report 13th March, 2018 – Response

I write to acknowledge receipt of the GMC report on your 13th of March, 2018 visit to Southern Health NHS Foundation Trust. We were happy to welcome the GMC review panel and for an opportunity to participate in the HEE(Wessex) Regional Review.

We were very pleased with the findings of your report, which highlight the dedication and commitment of our Medical Education department, as well as that of our supervisors to the education and training of medical students and doctors in training. We were delighted that 2 areas of good practice and 4 areas that are working well were highlighted including dedicated supervision time, undergraduate governance, induction, good support and pastoral care for trainees.

We have already begun to take action to address the 3 requirements and 2 recommendations, as set out in the report and have the board's full support in raising standards further. We will also continue to work with the HEE (Wessex) deanery and local LEPs on the action plan.

We would like to thank your visiting team, partner providers, HEE(Wessex) and all staff who took part in this review, for the opportunity to continue to develop the highest level of education and training in our Trust.

Yours sincerely,

Dr Stefan Gleeson
Director of Medical Education

Cc: Dr Nick Broughton, Chief Executive
Dr Karl Marlowe, Medical Director
