Dear Mr Taylor

**University of Exeter Medical School - Response to South West Regional Review Visit Report**

Thank you for sending the Visit Report to the University of Exeter Medical School.

The School is pleased with the positive outcome of the South West Regional Review visit, and are delighted that the visiting team felt able to commend our good practice across a range of areas. The School notes the requirements and recommendations contained within the report, and outline our plans to address these in the appended Action Plan. We will also work closely with our partner NHS Local Education Providers to assist in any recommendations made to them as part of the Regional Review.

Once again, the School would like to thank the visit team for their helpful and constructive feedback, which we are already drawing upon to enhance the student experience and quality of education at University of Exeter Medical School.

Yours sincerely

Professor Jean McEwan  
Vice Dean Education
