Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 25 Sep 2025 to 25 Sep 2026

On 25 April 2025, Dr Douglas was convicted of threatening or abusive behaviour which was likely to cause a reasonable person to suffer fear or alarm. Dr Douglas plead guilty and was fined £540. This conduct does not meet with the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice, paragraph 81 in particular: 81 You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession. Whilst this failing in itself is not so serious as to require any restriction on Dr Douglas's registration, it is necessary in response to issue this formal warning.
