 Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 11 Sep 2026 to 11 Sep 2027

'On 26 March 2025, Dr Raczkowski inappropriately consulted with and issued a prescription to a former patient when he did not hold a licence to practise. This conduct does not meet with the standards required of a doctor. It risks undermining public protection, including patient safety, public confidence in the profession and professional standards and conduct, and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case, paragraphs 4 and 81 of Good medical practice are particularly relevant: 4. You must follow the law, our guidance on professional standards, and other regulations relevant to his work. 81. You must make sure that his conduct justifies patients' trust in him and the public's trust in his profession. Whilst this failing in itself is not so serious as to require any restriction on Dr Raczkowski's registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosurepolicy.'
