## Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 06 Aug 2026 to 06 Aug 2027

On 13 October 2025 Dr Danson was convicted of driving a motor vehicle whilst having a proportion of alcohol in his system above the prescribed limit. This behaviour does not meet with the standards required of a doctor. It risks undermining public protection, specifically public confidence in the profession and professional standards and conduct and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case paragraph 81. of Good medical practice is particularly relevant: '81. You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession.' Whilst this failing in itself is not so serious as to require any restriction on Dr Danson's registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at [www.gmc-uk.org/disclosurepolicy](http://www.gmc-uk.org/disclosurepolicy).
