Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 13 Aug 2026 to 13 Aug 2027

On 14 June 2023, Dr Burgess failed to: adequately consider a patient's chest x-ray report showing air in the mediastinum; recognise the urgency of the situation; and immediately recall the patient to the accident and emergency department. This conduct does not meet with the standards required of a doctor. It risks undermining public protection, specifically patient safety, public confidence in the profession, and professional standards and conduct, and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case, paragraphs 15 and 49 of Good medical practice are particularly relevant: 15. You must provide a good standard of practice and care. If you assess, diagnose or treat patients, you must: b. promptly provide or arrange suitable advice, investigations or treatment where necessary. 49. You must work in partnership with patients, sharing with them the information they will need to make decisions about their care, including: a. their condition, its likely profession and the options for treatment, including associated risks and uncertainties Whilst this failing in itself is not so serious as to require any restriction on Dr Burgess' registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosurepolicy.

Registration and licensing history (Since 20 October 2005)

From	To	Status
16 Nov 2009	Present	Registered with a licence to practise
20 Oct 2005	16 Nov 2009	Registered

Please note:

All doctors who were registered before 20 October 2005 have their registration 'From' date set to 20 October 2005.

This is the date when the register went online.

If you need to know whether the doctor was registered before 20 October 2005 please [contact us](#).
