Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 14 Nov 2024 to 14 Nov 2025

On multiple occasions between January 2024 and April 2024, Dr Sinclair accessed a patient's medical records when he knew it was inappropriate to do so and he did not have a clinical reason or consent to access their records. Whilst this failing in itself is not so serious as to require any restriction on his registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosure policy.
