Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 20 Oct 2025 to 20 Oct 2026

'On 10 March 2025 you submitted a document to the GMC in support of your application to obtain a licence to practise. This document was submitted as if completed by another medical practitioner when in fact it had been completed by yourself. This conduct does not meet with the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case, the following paragraph is particularly relevant: Good medical practice: 81 You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession. Whilst these failings in themselves are not so serious as to require any restriction on your registration, it is necessary in response to issue this formal warning. This warning will be published on the List of Registered Medical Practitioners (LRMP) in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosurepolicy.'
