Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 06 Feb 2026 to 06 Feb 2027

On 21 May 2025, at Northampton Magistrates' Court, Dr Joseph was convicted of: using a motor vehicle on a road or other public place without third party insurance; driving a motor vehicle otherwise than in accordance with a license; and driving a vehicle and failing to comply with an indication given by a traffic sign. Dr Joseph was fined, and 6 points were endorsed on their driving record. This behavior does not meet with the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case, paragraph 81 of Good medical practice is particularly relevant: 81. You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession. Whilst this failing in itself is not so serious as to require any restriction on their registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosurepolicy

Registration and licensing history (Since 20 October 2005)

From	To	Status
24 Jun 2023	Present	Registered with a licence to practise

Please note:
