### Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

**From 12 Aug 2025 to 12 Aug 2026**

On 23 January 2025, at Magistrates' Court – Northern Ireland, Dr Mohammed Zaid Jaffar Hussain Desai was convicted of: 1) being the holder of a provisional licence and driving a motor vehicle without having a distinguishing mark, namely an 'L' plate; 2) using a motor vehicle on a road or other public place when there was not in force a policy of insurance, allowing you to drive that vehicle; 3) contravening a speed limit fixed at 70 miles per hour. This behaviour does not meet with the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice and associated guidance. In this case, paragraph 81 of Good medical practice is particularly relevant: 81. You must make sure that your conduct justifies your patients' trust in you and the public's trust in the profession. Whilst this failing in itself is not so serious as to require any restriction on Dr Desai's registration, it is necessary in response to issue this formal warning. This warning will be published on the List of Registered Medical Practitioners (LRMP) in line with our publication and disclosure policy, which can be found at [www.gmc-uk.org/disclosurepolicy](http://www.gmc-uk.org/disclosurepolicy).

### Registration and licensing history (Since 20 October 2005)

<u>From</u>	<u>To</u>	<u>Status</u>
19 Jul 2024	Present	Registered with a licence to practise
