### Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

#### From 24 Jul 2025 to 24 Jul 2026

On 12 October 2024, the Metropolitan Police found Dr Pushparaj in possession of cannabis, which resulted in him accepting a Community Resolution Order. This conduct does not meet the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice which states: 81. You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession. Whilst these failings are not so serious as to require restriction on Dr Pushparaj's registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at [www.gmc-uk.org/disclosurepolicy](http://www.gmc-uk.org/disclosurepolicy).
