 Warnings on the registrant's registration

Warnings are issued to indicate when a registrant's behaviour or performance is significantly below the standards expected, but when restricting a registrant's practice is not necessary. [See more on warnings.](#)

From 25 Aug 2026 to 25 Aug 2027

On 28 October 2025, the Police found Dr Ogunleye in possession of cannabis, which resulted in Dr Ogunleye accepting a Community Resolution Order. This conduct does not meet the standards required of a doctor. It risks bringing the profession into disrepute and it must not be repeated. The required standards are set out in Good medical practice which states: 81. You must make sure that your conduct justifies patients' trust in you and the public's trust in your profession. Whilst these failings are not so serious as to require restriction on Dr Ogunleye's registration, it is necessary in response to issue this formal warning. This warning will be published on the medical register in line with our publication and disclosure policy, which can be found at www.gmc-uk.org/disclosurepolicy.
