

## AARA – EPA 2 sign-off form

EPA 2 is the provision of general anaesthesia for patients having surgery.

This form should be used to sign off EPA 2. Once all EPAs are completed and evidenced, the AARA-CCA form should be completed and submitted to the GMC.

It is required that each EPA will include evidence from at least four different assessors.

Date (DD/MM/YYYY): \_\_\_\_\_

### Level of entrustment

Based on the performance and supporting evidence, has the student reached the required level of entrustment for each of the activities?	Yes	No
Induction of anaesthesia at entrustment level 1b		
Maintenance of anaesthesia at entrustment level 2a		
Emergence for non-intubated, non-complex patients at entrustment level 2a		
Emergence for all intubated or complex patients at entrustment level 1b		

1a: Direct supervision – supervisor present in theatre throughout and required to assist case with proactive involvement.

1b: Direct supervision – supervisor present in theatre throughout and available to assist reactively when needed.

2a: Indirect supervision – supervisor present in theatre suite and available to assist if required.

**NB:** Student AAs must always practise under direct supervision, regardless of entrustment level assessment.
